

Office of Hon Tony Ryall

Minister of Health
Minister of State Services

14 DEC 2011

Mr Bob Francis
Chair
Wairarapa District Health Board
PO Box 96
MASTERTON 5840

Dear Bob

Letter of Agreement to new Health Target – More Heart and Diabetes Checks

From 1 January 2012, the national health target for cardiovascular disease and diabetes services will change.

The new target, to be called 'More heart and diabetes checks', measures the number of completed cardiovascular risk assessments for all eligible persons within the last five years.

The national goal target associated with the new target is 90 percent, to be achieved in steps over three years. DHBs are expected to achieve at least 60 percent by 1 July 2012.

DHBs' performance in relation to the new target will be publicly reported based on 2011/12 quarter three results, from May 2012.

By signing this Letter of Agreement you agree that the performance expectations previously agreed to in your 2011/12 Annual Plan in relation to the target are amended.

Yours sincerely

Hon Tony Ryall
Minister of Health

Bob Francis
Wairarapa District Health Board
Chair
